

## Part-Time Speech-Language Pathologist (SLP)

### Position Overview

St. Juliana Falconieri Catholic School is seeking a dedicated and collaborative **Speech-Language Pathologist (SLP)** to join our multidisciplinary team. In this role, you will work within our vibrant private school community to support students with diverse communication needs. You will be responsible for assessing and treating speech, language, and social communication disorders to ensure every student can thrive academically and socially. This position is 10 hours per week.

### Key Responsibilities

- **Assessment:** Conduct comprehensive evaluations to identify communication disorders (articulation, fluency, voice, expressive/receptive language, and pragmatics).
- **ILP Development:** Create and implement individualized learning plans with measurable goals tailored to the student's academic environment.
- **Direct Therapy:** Provide high-quality individual or small-group therapy sessions.
- **Collaboration:** Partner with classroom teachers to integrate communication goals into the curriculum and provide strategies for the classroom.
- **Consultation:** Act as a resource for parents, providing updates on progress and home-based strategies for carryover.
- **Documentation:** Maintain accurate, clinical records and progress reports in compliance with state regulations and school policy.

### Qualifications

- **Education:** Master's degree in Speech-Language Pathology from an accredited program.
- **Licensure:** Valid State License in Speech-Language Pathology.
- **Certification:** ASHA Certificate of Clinical Competence (CCC-SLP) preferred (CFY candidates may be considered depending on supervision availability).
- **Experience:** Previous experience in a school setting or pediatric clinic is highly desirable.
- **Skills:** Strong interpersonal skills, clinical writing proficiency, and a "team-player" mindset.

### Why Join Saint Juliana?

- **Small Caseloads:** Focus on quality of care and deep relationships with students.
- **Autonomy:** Freedom to design creative, engaging therapeutic interventions.
- **Environment:** A supportive, mission-driven community with access to modern resources and technology.
